

Dear Parents

May 2011

## **Raise money for our PTFA and earn rewards for yourself by becoming part of the NFER pupil and parent voice panel**

The National Foundation for Educational Research (NFER) is looking for parents and pupils to give their opinions, predominantly via online surveys, on a wide range of educational issues. It will be a chance for you to influence educational policy and practice. NFER will regularly feedback to members of the panel on the outcomes of research so you can see how your views are being taken into consideration. This information will have a direct impact on education policy and practice for a variety of organisations.

£2 will be donated to our PTFA for every household that signs up to the panel and panelists will earn points for every survey they complete. Points can be redeemed for Amazon vouchers for yourself or donations to charity if you wish. The points earned for each survey have a redeeming value of £2.

For more information or to sign-up please go to [www.nfer.ac.uk/panel](http://www.nfer.ac.uk/panel). Registration only takes about 5 minutes to complete. The on-line surveys take no more than 15 minutes to complete.

When prompted for our PTFA code please enter **VD523**.

We have posted a more detailed factsheet about the NFER on the School website, under the PTFA section if you want any more information.

Thank you very much for your continued support. Every donation helps the PTFA and all our children at the school.
