

Year 3 Homework  
Due in 5<sup>th</sup> October

Task 1 - English

We have been reading different stories in Year 3 and have even written our very own!

For your homework this week I would like you to think about your favourite book and write me a review on it.

Your review should include details of why you like it so much, briefly what happens and why you think that I should read it. You can be persuasive by telling me all of the good things about the book that you choose.

Task 2 - Maths

This week we have been working on inverse.  
For your homework I would like you to complete the calculations below and then show the inverse.

I have included an example to show you.

$$4 \times 3 = ?$$

So you would write:-

$$4 \times 3 = 12$$

$$12 \div 3 = 4$$

Remember the inverse of  $\times$  is  $\div$  and the inverse of  $+$  is  $-$

$6 \times 4$	$7 \times 6$	$19 + 12$	$30 - 17$	$49 + 33$
--------------	--------------	-----------	-----------	-----------

Challenge

$30 \div 6$	$39 \div 3$
-------------	-------------
